

SECUNORM HANDY

THE SAFER WAY TO CUT.

martor

SECUNORM HANDY

NO. 445

Original size

4-times usable blade

Why do you benefit more from your blade? With its four sharp edges, it can be rotated four times. That's why. The result? Blade life is quadrupled and you stay sharp for longer.

Double-sided slider

With the right hand? With the left hand? It's all the same. We have fitted the SECUNORM HANDY with a slider that is accessible from both sides. Now that's handy!

Small, but robust

Don't take this cutter at face value. It is small, but it is tough. The plastic insert sits snug within a coated metal handle. Light and compact, the SECUNORM HANDY will guide you through thick and thin, long term.

Handy format

The SECUNORM HANDY can slip into every pocket. For times when it's not in use. When in use, you will appreciate its lightness and size. Ribbing on the slider is a grippy-bonus.

Tool-less blade change

Changing the blade is simple. And tool-less. Simply pull the plastic inset out of the cutter body. Rotate or change the blade, replace the insert, job done!

A classic, in pocket form.

The SECUNORM HANDY is compact, but don't be fooled! Being handy doesn't mean it's quaint. This is a cutting tool with "bite" and all the qualities required for the job. Compact yet versatile, lightweight but extremely handy, the SECUNORM HANDY is suitable for a variety of cutting applications. High frequency cutting is no problem.

PRODUCT FEATURES

Technical features

High safety

Tool-less blade change

Abrasion resistant

NO. 45

0.30 mm

Optional blade

NO. 145

0.30 mm, stainless steel

Certificates and awards

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM HANDY guarantees a very high degree of safety from cut injuries. As soon as you've started the cut remove your thumb from the slider. The blade will then withdraw back into the handle immediately after leaving the material being cut.

YOU CAN FEEL THE QUALITY.

SECUNORM HANDY

- › Robust metal handle
- › Small and handy
- › One blade, four cutting corners
- › Automatic blade retraction
- › TÜV-certified

PRODUCT DETAILS
