## Conventional MCP compact, small, red, glass pane

## Features:

- · Flat design
- · Plug-in connection terminals
- · Optional terminal
- · Triple key function (test, open, reset)
- · Detectors that are not ready for operation can be marked with the "Out of order" label by reversing the enclosed glass pane

Part-No.: 804970 Approval: VdS

Including housing and alarm indicator. For connection to a conventional detection zone.

## Common technical data

8 ... 30 V DC Operating voltage Alarm current @ 9 V DC 9 mA

No. of detector/zone 10 detectors per zone (according to VdS) Alarm display red LED and yellow actuation indicator

max. 2.5 mm² (AWG 26-14) Connection terminal

Application temperature -40 °C ... 70 °C -40 °C ... 75 °C Storage temperature Air humidity < 95 %

Type of protection IP 43, IP 55 with 704965

Housing PC ASA plastic Color red, similar to RAL 3020

Weight approx. 110 g **Detector specification** EN 54-11, type A

**Dimensions** W: 88 mm H: 88 mm D: 21 mm

Declaration of Performance DoP-20486130701

If the glass pane is replaced with the optionally available plastic pane with reset function, the MCP can be reseted from outside by using the key. Per standard suitable for flush-mounted installation boxes. For the surface mounting of the MCP the base from Part No. 704980 to 704985 is required. Please order separately. Type A definition - direct release acc. to EN 54-11 § 3.4.1 (extract from standard): Manual fire alarm unit, for which the alarm status is automatically set (additional alarm triggering is not required) after the fragile element has been broken or its position

1 x Glass pane 704960 1 x Key 704966 1 x Multilingual paper labels with "Out of order" pictogram.
