

STI Euro Call Point Stopper Flush Mount Multi Kit with Sounder

Part No. **STI-15020ML**

Overview

Protective cover for flush mounted manual call points.

Helps prevent malicious activation by emitting a piercing 96dB alarm tone when its hinged cover is lifted.

Comprises a clear, tamper proof cover and frame that retrofits over all known break glass call points.

Ideal for schools, colleges, hospitals and other areas where there is a threat of false activation.

Kit includes one Euro Stopper frame, two coloured housing shells (red & green), one break seal and two label sheets in 13 languages.

Surface and non-sounder variants also available (see variants tab below).

Main picture shows Euro Stopper with a Manual Call Point. The call point is NOT supplied.
