

EU Type-Examination Certificate

Certificate number: 2777/10363-02/E06-01

This EU Type-Examination Certificate covers the following product group(s) supported by testing to the relevant standards/technical specifications and examination of the technical file documentation:

Following the EU Type-Examination this product group has been shown to satisfy the applicable essential health and safety requirements of Annex II of the PPE Regulation (EU) 2016/425 as a Category III product.

Product reference:	Description:
	Energy absorbing lanyard consisting of a lanyard with 44 mm wide flame retardant polyester webbing and textile loop attachment points at each end with energy absorber attached.
	The FR webbing has been strength tested after being exposed to small molten metal splash test according to ISO 9150. The webbing has also been tested in accordance with EN ISO 15025:2002
FA 30 305 10	Length of 1.0m
FA 30 305 15	Length of 1.5m
FA 30 305 20	Length of 2.0m
FA 30 306 20	Variant of the lanyard above but with Antistatic webbing tested in accordance with EN 1149-1:2006 and assessed in accordance with EN 1149-5:2008 Clause 4.2.1 Surface resistance (Ω) 0.7×10^3 – Surface resistivity (Ω) 1.5×10^3
	Energy absorbing lanyard consisting of a 44 mm wide polyester webbing lanyard with energy absorber attached. Steel snap hook at webbing end and aluminium scaffold hook at energy absorber end.
FA 30 303 10	Length of 1.0m
FA 30 303 15	Length of 1.5m
FA 30 303 20	Length of 2.0m
FA 30 302 20	Variant with steel scaffold hook webbing end. Length of 1.8m

Standards/Technical specifications applied:
EN 355:2002; ISO 9150:1988; EN ISO 15025:2002; EN 1149-5: 2008

TERMS AND CONDITIONS

The following conditions apply in addition to SATRA's standard terms and conditions of business and those given in the current certification agreement.

The certificate holder is licensed to mark the products detailed within this certificate in accordance with Annex V (Module B) of the Regulation (EU) 2016/425 of the European Parliament and of the council of 9th March 2016 on personal protective equipment once you have drawn up an EU declaration of product conformity.

Please note:

1. Where the product is classified as category III then CE Marking of production is reliant on current compliance with Regulation 2016/425 module C2 or Module D. (Except that specifically produced to fit an individual user).
2. Full details of the scope of the certification and product(s) certified are contained within the manufacturer's technical documentation.
3. Where a translation of this certificate exists, the English language version shall be considered as the authoritative text.
4. Certification is limited to production undertaken at the sites listed in the manufacturers technical documentation.
5. Ongoing manufactured product shall be consistent with the product(s) certified and listed on this certificate.
6. The Manufacturer shall inform SATRA of any changes to the certified product or technical documentation.
7. Where results obtained during type testing are within the budget of uncertainty when compared to the pass requirement, classification or performance level, then it is the responsibility of the manufacturer to ensure that the factory production control and manufacturing tolerances are such that the product placed on the market meets with the stated requirements, classifications or performance levels.
8. This certificate shall be kept together with the relevant technical documentation in a safe place by the client named on this certificate. Production of this certificate and other documentation may be required by a representative of the EC member state government.
9. This certificate relates only to the condition of the testable items at the time of the certification procedure and is subject to the expiry date shown.
10. SATRA reserves the right to withdraw this certificate if it is found that a condition of manufacture, design, materials or packaging have been changed and therefore no longer comply with the requirements of Regulation 2016/425.
